

RHYME'O'MANIA - THE GREAT CONCERT BY KIDS

Our young bloods from Lower Kindergarten level of Everwin Vidhyashram showed impeccable rhyming skills through this show that was held on 22.08.2015.

Kids were ready to prove that rhyming is not merely a learning process but can also be put into real life application.

They even walked an extra mile to advise their parents and other visitors about conserving the vital and fast depleting natural resources like water, power and forests.
