

## *Ever Wondered What Is The Best Way To Master English Grammar?*

Ask Our Primary Kids!

Class III & IV Students of Everwin Matriculation Higher Secondary School organized a reality show named 'English Emblazon 2015'. Right from the roots of English Grammar to the advanced contents, students nailed it with stunning ease.

For example, in the name of 'Talking Tree', kids showcased a huge tree (made of chart) that explained the different parts of speech.

To add spice to the programme, our young ladies were dressed up as Miss. A, Miss. An and Miss. The.

These three titles summarized 'Miss Article 2015'. The 'News Reading' section was also a part of the language development programme in which our students read news from their Laptops and the visuals were screened to parents in the next room.
